

**BIDS AND AWARDS COMMITTEE**  
(INFRASTRUCTURE PROJECTS)

**SUPPLEMENTAL BID BULLETIN NO. 1**

This Bid Bulletin is issued to modify or amend items in the Bid Documents. This shall form an integral part of the Bid Documents. Please take note of the changes/adjustments for the project, **Completion of Science, Technology and Applied Research (STAR) Center Building for Main Campus (C-SU-BAC-IFRA-24-025)** with an ABC of P 42,623,630.00.

1. Site inspection is a must. Verify actual condition of site. There is an existing unfinished structure.
2. Site temporary enclosure may be sack or any suitable material.
3. Provide a drainage system to collect and divert the runoff.
4. The two units of fire escape with steel gates, the staircase type, must be stainless.
5. Tile works shall cover the entire floor area of the building.
6. All existing DPWH approved suppliers for soil poisoning, water proofing, electrical supplies and all other materials prevailing in the market are accepted.
7. The existing road of the building is to be widened to 1800 square meters.
8. Supply and installation of all electrical works including checking, testing, commissioning, and energizing of the system.
9. There are additional details and plans for the water supply and overhead structure.
10. Retouching/replastering works must be administered as needed for all walls/rough surfaces/corners of concrete and masonry works especially the fence along Bancod back of STAR Building.
11. The present condition/status of site are all for improvement/repair/replacement as needed to finish the building and serve its purpose. In any case that unfinished scope of work has materials in good condition, they may be used.
12. The STAR building and the adjacent Engineering Science Building has concrete steel bridge hence, improvement on the bridge must be done. Installation of aluminum door is to be provided.

**GENERAL NOTES:**

1. *This bid bulletin does not cancel the information given in the scope of work of the Bill of Quantities (BOQ) but adds clarifications. Bidders must include in the financial envelope (envelope 2).*
2. *The colors, types and specifications of all fixtures and materials to be used on site should be presented to the inspector or end-user for approval. For the end-user or the inspector, sign the approved sample. Further, consult the plan and the scope of works as well as the end-user and inspector for the extent of tasks of the contract.*
3. *In the event that discrepancies on plans and scope of work occurs, as a priority, the scope of works prevails. Further, whichever is advantageous to the contractor shall prevail.*
4. *For concrete works, use of admixtures is allowed.*
5. *Materials to be used on site must be subjected to material testing and approved by the contractor.*
6. *Let it be observed that all door keys must be of the lever type.*
7. *Multi-roles are allowed for the key personnel who are the engineers and managers of the project.*

8. All certifications and pertinent documents on electrical works shall be signed and sealed by P.E. In addition, electrical permits shall be up to securing approved C.A.
9. Location of temporary warehouse and barracks will be indicated in the meeting.
10. All pages of the bidding documents should be originally signed by the bidder (Original, Copy 1 and Copy 2). ~~Use of the same copy stamp is not required.~~
12. Use readable font size on the detailed estimate.
